PURPOSE AND METHODOLOGY

This document summarizes the number of dwelling units and estimated household and group quarters population in the City of Gaithersburg, Maryland as of the date specified on the cover sheet.

The number and type of dwelling units was gathered from these sources: Montgomery County tax records and tax maps, approved site plans and subdivision plats on file with the City, aerial photographs, and field inspections conducted by City staff. Information on building completion progress was obtained by reviewing final occupancy permits granted, and the number of rental dwelling units was confirmed by rental housing records.

Specific multipliers are used to create a "bottom-up" estimate of the number of people living in households who reside in the City, based on the type of dwelling unit and associated vacancy rate. The raw multipliers were obtained by analyzing Census 2010 blocks with homogeneous dwelling unit types. The final multipliers used in this report have been adjusted to reflect the Census 2010 Summary File 1 (SF1) City-wide persons per household multiplier. For estimation purposes, it is assumed that exactly one household occupies one housing unit. The City-wide population summary table includes a "high" estimate based on 100% (full) occupancy of housing units and a "low" estimate that accounts for housing unit vacancy rates.

The population in Group Quarters is estimated by adding the "institutionalized" count of persons to the estimated "non-institutionalized" count of persons. The actual number of "institutionalized" group quarters units, such as nursing homes, homeless shelters, and drug treatment facilities, are obtained directly from the facilities and it is assumed that exactly one person occupies each institutionalized group quarters unit. An estimate of the "non-institutionalized" group quarters population is generated based on the 2010 Census population of this group as a percentage of the total population (0.2920%), utilizing Summary File 1 (SF1).

The statistics in this report are arranged by subdivisions in the City of Gaithersburg, as defined by subdivision plats, site plan approvals, and City-designated areas. The City was originally divided into six Planning Neighborhoods as part of an open space study conducted by the Department of Parks and Recreation in 1976-1978. Previous editions of *Dwelling Unit and Estimated Population* reports prepared by the City prior to July 2005 were arranged by Planning Neighborhood, each of which was broken down into subdivisions.

This population and housing report is used by a great variety of committees, organizations, and individuals for an ever-increasing number of purposes, ranging from City-wide programs to studies on implementing affordable housing. It is also available to the public for private use. The most current version of this report is posted on the City's web site at http://www.gaithersburgmd.gov/documents/dwelling_population_report.pdf.

All questions regarding the document should be directed to the City of Gaithersburg Planning and Code Administration.

DEFINITIONS AND ABBREVIATIONS USED IN TABLES

AFFORDABLE HOUSING (AH): A portion of the total approved dwelling units have been set aside as income-restricted units, per Chapter 24, Article XVI.

AGE-RESTRICTED UNIT (AR): A dwelling unit available for rent or sale only to individuals 55 years old or older.

CONDOMINIUM (C): A garden or high-rise apartment-style dwelling unit that is owned individually and retains a portion of the interest in the entire structure, common areas, and common facilities. The condominium owner has title to the interior space of the unit and an undivided interest in the common space elements. Property is identified in a master deed and recorded on a condominium plat with the local jurisdiction.

CURRENT POPULATION: Estimated population of occupied dwelling units based on the multiplier found in the Dwelling Unit Multiplier Table or based on the methodology for estimating Group Quarters population.

DECLARATIONS (D): A property encumbered by development approval declarations, covenants, and similar restrictions, but either not subject to a Homeowner's Association (HOA) or subject only to an inactive HOA.

FUTURE GROWTH: Estimated additional population in approved but unbuilt/incomplete dwelling units.

FUTURE POPULATION: Estimated total population once all dwelling units are completed.

GARDEN UNIT: A multi-family dwelling unit, either rental (apartment/GA) or owned (condominium/GC), that is located in a building with dwelling units on no more than four (4) entire floors of the building. Also includes urban cottages (dwelling unit above a detached garage), basement accessory apartments, and detached houses converted to upper/lower floor duplexes.

GROUP QUARTERS (GQ): Facilities providing living quarters, such as beds or rooms, for unrelated individuals. Group Quarters are not dwelling units and are not occupied by households.

HIGH-RISE UNIT: A multi-family dwelling unit, either rental (apartment/HRA) or owned (condominium/HRC), that is located in a building with dwelling units on five (5) or more entire floors of the building.

HOMEOWNER'S ASSOCIATION (H): A community association, other than a condominium association, organized in a development in which individual owners share common interest in open space or facilities. An HOA holds title to certain common property, manages and maintains common property, and enforces certain covenants and restrictions. Condominium associations do not usually have title to HOA common property.

INCOME-RESTRICTED UNIT (IR): A dwelling unit available for rent or sale only to persons who satisfy income limits determined by the federal HUD department. These include MPDUs for persons who earn 50%-80% (IM) and WFHUs for persons who earn 80%-120% (IW) of Area Median Income, per Chapter 24, Article XVI.

OTHER USES: Houses, townhouses, condominiums, and apartments used for purposes other than dwelling units, such as offices, retail stores, beauty parlors, barber shops, model homes, etc.

PROJECTED FUTURE POPULATION (PROJECTED FUT POP): Total estimated population upon completion of all approved residential dwelling units.

RENTAL UNIT (R): A dwelling unit that is available for rent, such as an apartment.

SENIOR HOUSING UNIT (SR): A dwelling unit available for rent or sale only to households with at least one member who is 62 years old or older.

SINGLE FAMILY DETACHED (SFD): A freestanding dwelling unit that does not share walls with any other unit.

STACKED CONDO UNIT (SC): Condominium units that are part of a single townhouse building ("stacked" or "piggyback" units, 2 over 2, 2 over 1, etc.); the individual condominium units occupy one, two, or multiple floors.

TAX MAP: Maps created by the Maryland State Department of Assessment and Taxation (SDAT) that depict the location of property boundaries as described in deeds, subdivision plats, and other legal documents.

TOWNHOUSE (TH): A fee-simple- or condominium-ownership attached dwelling unit, including duplexes and semi-detached houses, with a single title for the entire vertical space between the common walls.

TO BE COMPLETED (TO BE COMPL): A dwelling unit approved for construction or under construction as of the date of this report that does not have a final occupancy permit issued.

UNITS COMPLETED (UNITS COMPL): A dwelling unit available for occupancy as of the date of this report.

UNIT TOTAL: Total approved dwelling units (summation of completed and to-be-completed dwelling units).

* 1972-2009 City Population Estimates assume 100% occupancy rate for all dwelling units but Census population estimates are for occupied units only. Beginning in 2010, City population estimates are for occupied units only. As a result, population estimates may decline even though housing units increase, due to higher vacancy rates.

** 1972-2009 City Housing Unit Estimates include group quarters, but Census housing unit estimates (by definition) do not include group quarters. Beginning in 2010, City Housing Unit Estimates do not include group quarters. In addition, Census housing unit estimates include units that are under construction (and considered vacant), but City estimates only include completed units.

Note: Beginning in July 2013, estimates use multipliers that are based on an analysis of Census 2010 blocks with homogeneous dwelling unit types and vacancy rates that are based on the 2006-2010 American Community Survey (ACS), Fields B25024 & B25032. Prior to July 2013, estimates were based on adjusted persons per dwelling unit multipliers from the 2005 Census Update and vacancy rates from Census 2000. These factors were updated in January 2017, to separate stacked (2 over 2) condominium townhouses from garden condominiums.

As part of the City's July 2006 Population and Dwelling Units Report update, population and unit count figures for each subdivision were verified against site plans, aerial photos, and field visits. As a result, the City's estimates for population and dwelling units from January 2000 through January 2006 were adjusted to reflect the observed annual increase in population and dwelling units. The July 2007 population estimate is based on revised persons/household factors from the 2005 Census Update for Montgomery County.

NOTES

NOTE: Individual figures may not add to totals, due to rounding.

* Group quarters are not included in the total housing unit counts but are included in the total population counts.

** Group quarters population is calculated by adding the current estimated population in known (institutionalized) group quarters units to the estimated remaining number of persons in non-institutionalized group quarters, based on the proportion of this group's population to the total population of the City. The ratio is derived from the 2010 Census Demographic Profile Data (DP-1), and is calculated below.

TOTAL POPULATION, 2010	GROUP QUARTERS POPULATION	PERCENT OF TOTAL POPULATION	NON-INSTITUTIONALIZED GROUP QUARTERS POPULATION	PERCENT OF TOTAL POPULATION	PERCENT OF HOUSEHOLD POPULATION
59933	547	0.9127%	175	0.2920%	0.2947%

*** Vacancy Rates are based on the 2006-2010 American Community Survey (ACS), Fields B25024 & B25032 and the MCDHCA 2016 Rental Housing Survey Results (<https://reports.data.montgomerycountymd.gov/countystat/objective/housing>).
